

Hackford Fuel Allotment Charity

The Hackford Fuel allotment charity is made of 4 trustees who meet each year.

The charity land consists of just over 9 acres of poor quality grazing land, this is tenanted on a 5 year tenancy agreement, the rent from this is paid annually to the charity, and the trustees allocate payments each year to the residents of Hackford who are deemed to be 'in need' of extra income, the payments are small but always appreciated by those who receive them.

The trustees continue to act as the landlord and ensure any issues with the land are resolved and submit all relevant accounts to the charity commission.

There are currently no trustee vacancies.
